**Function:** Fuses are used to protect equipment against overload and short-circuits. The fuse blows when current flowing through it exceeds the rating.

**Notes:**

- \* Single Pole plus Neutral Fuse Holders are available on request.
- \* Triple Pole plus Neutral Fuse Holders are available on request.
- \* Photovoltaic type (1000V) Fuse Holders are available on request.
- \* 500V Fuses to IEC269 Standards.
- \* For more information on Fuse Holders, see page 13 in the 2017-2018 ABB Price Catalogue.

**Ts & Cs:**

- 1) All prices exclude VAT and are ex stores Germiston Gauteng.
- 2) Items sold are subject to our standard trading conditions which are available on request.
- 3) All prices that appear on these lists are subject to change without notice. When placing orders, please confirm price and availability.
- 4) Check with sales that the current price list issue, appearing top left, is being used.
- 5) The Company reserves the right to change price of Goods, based on fluctuation of exchange rate.
